

Newsletter 6th November 2020

Year 3 Digging Day

Today, Year 3 have enjoyed a ***Digging Day*** involving: hunting for different types of rocks, predicting what will happen when we bury different items in the soil (the children will revisit this in a few weeks' time to see if their predictions were correct) and they have enjoyed 'gardening' including finding all sorts of insects in their natural habitats. Photographs will be uploaded onto the website in the next few days.

Parent Communication survey

Many thanks to all who completed our communication survey. We had 89 responses in total and really appreciate the feedback given. 71% of those who answered use the School Life App and some of those commented that the emails do not come through, please ensure that your email address is in the 'parental setup' section to enable emails to come to you via School Life. As some parents prefer one platform, we will ensure we put all information on our App, Website and official Facebook page. We would welcome any further feedback that you feel may be useful to enable us to improve communication with parents.

Life Education Consultation

Thank you for your engagement with our Life Education (PSHE&RSE) consultation over the last few weeks. We are looking forward to offering a relevant and inspiring curriculum to our children. Please visit the parents tab on our website for FAQs in regards to Life Education.

Weekly Achievement Awards

Class teachers are going to be awarding certificates each week for achievements as follows; Outstanding Effort, Maths Genius and Reading Champion. The names of the pupils who have been awarded will be displayed on the "Our Achievements" board in the small hall and on the "Weekly Achievement Awards" page on the website, so do have a look at this. Well done to this weeks' recipients!

Government Lockdown

Thank you for continuing to support us as we follow all the new health and safety guidance from the UK's Government. Please continue to remember to observe social distancing at all times. If you do need to talk to a member of staff, please email the Office and they will ask the teacher to contact you directly. It is very difficult for teachers to be able to talk to you as you come on site to collect your child.

"Learning together to ensure every child is the best they can be"
